Communication with Those Charged with Governance

October 31, 2022

Town Council
Town of Oak Ridge
Oak Ridge, North Carolina

We have audited the financial statements of Town of Oak Ridge (the "Town") for the year ended June 30, 2022, and have issued our report thereon dated October 31, 2022. Professional standards require that we provide you with information about our responsibilities in accordance with auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 8, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting estimates are an integral part of the financial statements prepared by management, and are based on management's knowledge and experience about past and current events, and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements were:

Management's estimate of the depreciable lives of capital assets is based on management's knowledge of the industry and industry guidelines, and the expected useful lives of individual capital assets. We evaluated the key factors and assumptions used to develop the depreciable lives of capital assets in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the liability related to the post-retirement benefits, as well as the related deferred inflows and outflows of resources, which are based on actuarial assumptions and projections that are provided by third parties based on information provided by management. We evaluated the key factors and assumptions used in determining that the estimates are reasonable in relations to the financial statements taken as a whole.

The financial statement disclosures are consistent, neutral and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

FORVIS

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain written representations from management that are included in the management representation letter included at Appendix A.

Management Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Town's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Matters, Findings, or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Town's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Town Council and management of Town of Oak Ridge, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

FORVIS, LLP

This representation letter is provided in connection with your audit of the financial statements of Town of Oak Ridge (the "Town"), which comprise the respective financial position of the governmental activities, the major fund and the aggregate remaining fund information as of June 30, 2022, and the related notes to the financial statements, for the purpose of expressing an opinion on whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material.
